Magic by Scott Jameson **Show Description**

For over a decade Scott Jameson's unique magical performances have received rave reviews from a diverse range of audiences at festivals, theatres, schools, and special events.

In '**Magic by Scott Jameson**', classic magic and juggling routines have been given a fresh new look, and are seamlessly interlaced with new, innovative routines written, designed, and crafted by Scott.

To give the program its universal appeal, Scott has choreographed many pieces to a broad selection of music with styles ranging from classical, to flamenco, to modern R&B.

The balance of the program is comprised of smart, 'stand-up' style routines, many of which either involve an audience member's onstage assistance, or elicit interaction from the audience as a whole.

Training in a wide variety of disciplines including gymnastics, storytelling, mime, comedy, and dance has helped Scott create dynamic programs that delight children, their parents, and their parent's parents.

Whether juggling basketballs, plucking huge umbrellas from mid-air, or interacting with your audience, Scott Jameson presents a show you won't soon forget.
